

O₃ 20 Air/Water Purification System

bio science

Ozone generator with oxygen feeding

Features

Fits easily inside control room

Corona discharge quartz ozone cell

PSA Oxygen concentrator

O₃ levels carefully maintained

Advanced air cooling system, air-cooled quartz ozone tube

Air compressor with electronic drain valves

Ultra filters, muffler

High voltage transformer and refrigerant air dryer

Specifications

ITEM	UNIT	LGS O ₃ O ₂
Capacity	Birds	up to 50,000
Power	W	680
Voltage	V/Hz	AC 220/110, 50/60
Concentration	Mg/L	60-80
Gas feeding	/	Oxygen
O ₂ concentration rate	L/M	2-3
Dimension (LxWxH)	cm	55x40x73
Unit weight	Kg	43
External case	/	Stainless steel 304
Cooling method	/	Ambient air cooling
Attachments	Sets	Teflon tube, fuse, etc
